We, hereby declare the following:

1. We are aware of the Nelson Mandela University policy regarding the Promotion of Academic Integrity and Prevention of Plagiarism and the Institutional Position Statement on Generative Artificial Intelligence (GenAI).
2. We understand what plagiarism is and we know that it constitute/s unacceptable academic behaviour and can lead to disciplinary action taken against us.
3. No part of this submission has been copied from another person / dev crew.
4. We did not work with another person / dev crew on this submission.
5. We understand that submitting work for assessment (e.g., ideas, text, code, images) that was generated, in whole or in part, by generative AI tools (including, but not limited to, ChatGPT and other large language models) would be considered academic dishonesty, which is in violation of the university's policy regarding the Promotion of Academic Integrity and Prevention of Plagiarism. Therefore, the responsibility for conceptualising and completing our work lies with us, and AI tools may only be employed as supportive aids.
6. We declare that in the course of compiling and completing our FSSB document, **we have / have not** utilised artificial intelligence (AI) tools as listed in Table 1 on the following page.

We understand that, should this declaration be false, we may be charged with academic misconduct and/or plagiarism and that a disciplinary hearing may be brought against us.
